## Parcel Report

Existing and Proposed

From Hoosac Pier, Charlestown to Pier 4, South Boston

Intermittent  
265M  
984

CITY OF BOSTON □ RAYMOND L. FLYNN □ MAYOR

BOSTON REDEVELOPMENT AUTHORITY □ STEPHEN COYLE □ DIRECTOR

### BOARD MEMBERS

Robert L. Farrell  
Chairman

Joseph J. Walsh  
Vice Chairman

James K. Flaherty  
Treasurer

Clarence J. Jones  
Assistant Treasurer

William A. McDermott, Jr.  
Member

This Planning Reference Material to the Boston Harborpark Framework contains information on 67 parcels located on the waterfront covering the area from the Hoosac Pier in Charlestown to Pier 4, in South Boston.

Indicated on each parcel profile are the following: 1) location of the parcel; 2) existing characteristics such as ownership, uses, land and built space, assessed land and building value; and 3) nature, costs, and timing of improvements proposed for the parcel in the Harborpark Plan.

## Sources of Information

Information on the existing characteristics of parcels was obtained from two sources in the Assessing Department, City of Boston:

- 1) Parcel numbers and lot areas were obtained from the Assessing Maps in the Engineering Division. These maps contain all information reported to Engineering by the Registry of Deeds as of December 31, 1983.
- 2) The remaining information on the existing characteristics of parcels was obtained from the Computer Listings of the Assessing Department. These records reflect all transactions reported to the Department by the Registry of Deeds as of December 31, 1983. (Some built space figures which were not available from the Computer Listings were approximated by using the building dimensions indicated on the Sanborn Maps.)

In order to make necessary revisions to the information obtained from the City's Assessing Department, the parcel profiles were reviewed by the Real Estate Department of the Boston Redevelopment Authority through the use of the Sanborn Maps (last revised in late fall of 1983), the Assessed Values - Real Estate Downtown book published by the Greater Boston Real Estate Board for FY '83, and the Real Estate Transfer Directory published by the Real Estate Data Publishers for 1982, 1983, and 1984 (Jan. to Aug.). Site visits to the parcels and review of the information by BRA staff familiar with downtown waterfront properties resulted in additional revisions to the information received from the City's Assessing Department.
